THANKS TO YOU, OUR BUSINESS IS GROWING

During the past year, to take care of our fast increasing business, we have acquired additional new property containing over 90,000 square feet. This property has excellent rail and water facilities, and ample space for parking of trucks without being interfered with by local traffic.

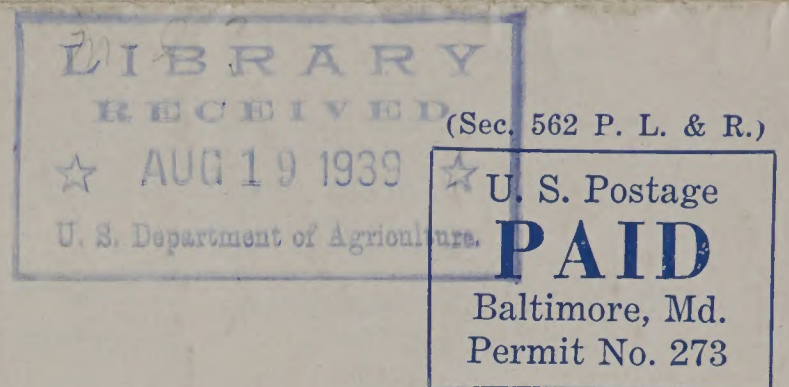

We now have, in one central location in Baltimore, four large warehouses in which we will have constantly stored sufficient supplies to fill your orders without delay at lowest prevailing prices. We are constantly improving our facilities to give you the best and most up-to-date service possible.

MARKET QUOTATIONS

QUANTITIES OF SEEDS REQUIRED PER ACRE

The figures given in the first column are those recommended for use in this section. On soils of average fertility, the minimum quantities should give excellent results if SCARLETT'S "ORIOLE BRAND" high grade seeds are sown.

Pounds Pounds Per Acre Per Bu.			Pounds Pounds Per Acre Per Bu.			Pounds Pounds Per Acre Per Bu.		
Alfalfa—drilled	15-25	60	Dallis Grass (Paspalum)	5-10	15	Peas, Austrian Winter	40-60	60
